

# *Schools at Splitters*

Not all classrooms have four walls. Here at Splitters Farm, we encourage children and students to enjoy and learn from the surroundings of a real working farm. We aim to inspire and educate kids about where food comes from and introduce them to concepts like paddock rotation for the animals, the importance of pollination, organic farming, crops, healthy soil, composting, and other ethical farming practices. Tours and topics can be customised to suit students age, capability and curriculum.

Let us design a farm visit to remember

# About Splitters Farm

Splitters Farm is a working cattle farm and animal sanctuary just minutes from Bundaberg which began as a haven for rescued farm animals who have been neglected or victims of drought. Farmer Carly now invites visitors to explore paddock-to-paddock hand feeding beautiful rescue animals at your own pace or on farmer guided tours - it's a photographer's dream. Taste honey and macadamia nuts straight from nature, collect eggs and learn about the history of the farm and animals. Enjoy gourmet picnic hampers full of local delicacies, go swimming, fishing or kayaking in the creek, bushwalk or go-kart around the farm or simply relax in the lush and tranquil bush setting.

Under 12 must have an accompanying adult

**TEACHERS \$35**

**STUDENTS 2-16Y \$25**

**INFANT UNDER 2 \$5**

An aerial photograph of a resort area. In the foreground, a dark river flows through a dense forest of green trees. A small orange and yellow kayak is on the water. To the right, a golf course with green fairways and a clubhouse is visible. In the background, a large, organized cornfield stretches across the landscape under a clear sky.

# Activities

# Damper Making

We teach students how to make traditional damper and use this as a team building activity in working together. Once the damper is complete students get to choose from a range of sweet and savory toppings.

# *Go Karts*

Put your pedal to the metal!  
Explore the park by Go Kart!

# Kayaking & canoe hire

Splitters Farm is bordered by nearly 5 kilometres of fresh water oasis that is Spliters Creek. The waterway is home to platypus, bass, barramundi & prehistoric lung fish. The farm and associated creek boasts over 150 documented species of Australian bird life. See water dragons, dive off woody embankments as you cruise past on a stand up paddle board or one of our 1 or 2 person kayaks or 3 person canoe.

# Paddle boat Hire

Explore the dam by paddle boat.  
Make sure you bring your  
muscles as these are arm-  
powered. Lifejackets are also  
available.

# Hiking & Bushwalking

# Outdoor Cinema

# *Accommodation*

# Camping

Powered & Unpowered camping is available with tent hire also available for schools that do not own their own. Tents sleep 4 people and can be set up prior to arrival or as a group activity. Students must bring their own pillow & bedding. Tents can be set up to accommodate up to 200 students if required.

# Glamping

Glamping accommodation for schools can be set up as single-stay bedding and is able to accommodate 48 students in total (6 per tent with trundle beds). This is an ideal option for teachers or set up as a makeshift sick bay.

# Meals

The Grazing Station & Sunset Deck are available for exclusive hire for your school camp and can accommodate over 100 students seated.

Meals are prepared by our food safety-qualified staff with all dietary needs catered for. Please see our suggested itineraries for meal ideas however we would be happy to design a menu specific to your school.

The space includes a bar, fridges & freezers, a deep fryer, a commercial electric oven, a woodfired pizza oven & full commercial kitchen so we can cater to your school camp.

Only available in off-peak periods
